CH 5 with black yarn

Row 1: SC into second chain from hook, SC into next 3 sts, CH1, TW (4 total sts)

Repeat row 1 until your piece measures long enough to cover the outside of the wings when the tubing has already been weaved into them.

After weaving tubing completely through outer edges and stretching the inside wing piece, trim the extra tubing and cover the tubing with the outer wing covering. Use yarn needle to sew it around tubing as shown below:

Secure all yarn ends and weave in wherever possible. Trim whatever is left.

Use your yarn needle to attach the wings to the uppermost part of the body suit in the middle back.
